UPDATED COVID MASK POLICY

Starting September 1, 2022, Temple Emanuel Sinai will become “mask friendly.” Mask friendly means that a mask mandate will no longer be in force at TES. However, we strongly encourage congregants to continue wearing masks at all indoor events.

Please note the following exceptions to our mask friendly policy.

You will be required to continue wearing a mask if either of these situations applies to you:

- You have been recently exposed to someone with COVID.
- You are not fully vaccinated (*including boosters*).

Although we will not be checking proof of vaccination anymore, we expect that everyone will abide by our updated requirements regarding masking if you are not fully vaccinated.

If you are experiencing any symptoms, please stay home and join us on livestream. Additionally, if you have been recently exposed to someone with COVID, we highly encourage you to stay home and join us on livestream, for the protection of other members of the community.

The TES community continues to hold the protection of life, bodies, and souls at the highest value. We hope that we will all continue to protect ourselves and our community.

Stay tuned to your e-news and other Temple communications for any potential future changes, particularly as we enter the month of Elul and prepare for High Holy Days.
